## PEOPLE'S TICKET

**SUCH IS THE NAME OF A TICKET BEING DRAFTED.**

## U.S. WRIGHT FOR MAYOR

**Many Church People and Business Men Are Favoring the Ticket—Selecman for City Collector.**

**The Ticket.**

U. S. Wright for mayor.

E. C. Moberly for city marshal.

Sam G. Selecman for city collector.

Frank L. Garrett, alderman from the second ward.

Charles McNeal, alderman from the third ward.

W. A. Tindall, alderman from the fourth ward.

The above are the candidates that will run on the People's ticket at the coming city election. It was stated on good authority today that this ticket is already in the field and will run regardless of any action that might be taken at the non-partisan mass meeting that was called by the city council to be held next Tuesday evening.

Rumors have it that there will be opposition to the ticket, but they could not be confirmed today.

Petitions were being circulated today for the People's ticket, and it 's said that many declared themselves in favor of this ticket. Many who are back of the ticket are church people and business men, and they are of the opinion that they will win by a big vote.

No one has been selected as alderman from the first ward on this ticket, but it will be filled in a day or two.

### BELLOWS BROS.' ANNUAL SALE.

**Shorthorn Breeders of This City Will Have Sale on April 15 at Parkdale.**

Wednesday, April 15, is the date announced by Bellows Bros. of this city for their annual public sale of registered Shorthorns to be held by them at their farm adjoining Maryville. There are forty-eight selected Shorthorns listed for this auction, that have been chosen from the herd for this purpose. Sixteen bulls and thirty-two females are included. The quality of the offering is as good or better than any which has been presented by this well known and popular firm in any of their annual sales. That is a strong statement for the reason that Bellows Bros., have been for years pace makers in the Shorthorn sale business in this section of the country.

There are few herds in existence at the present time that can lay claim to greater reputations of herd bulls than can this firm. They have at the head of their herd three international prize winners. These are Diamond Goods Sultan Supreme and Radium. These three bulls represent a combination of the blood of the grand champions, Choice Goods and White Hall Sultan in its rarest form. Diamond Goods is a bull whose reputation has already reached far and wide.

**School Opens Monday.**

The Parnell public schools will open next Monday, March 30, after being closed since the 13th day of February. This will make six weeks since there has been any school. The school year will not close until the first week in June, which makes it rather late. The school house will be fumigated either Friday or Saturday, so there will be no possible danger of anyone contracting the smallpox, or whatever disease the town has been having. This will certainly be glad news to the children, teachers and others. Let every scholar who is able be on hand Monday morning at the regular hour with their books and try and make up for some of this lost time—Parnell Sentinel.

**Arrested for Killing Deer.**

A wild deer was killed in the woods near Fairfax, January 15, and Deputy Game Warden C. R. Cortney, a few days ago arrested Wayne Reynolds, son of the sheriff of Atchison county, and Mervin Mann, a young man of that county. Two charges were preferred against them, one for killing deer, which are protected by law, and the other for hunting without license. The young men pleaded guilty to both charges and were fined $25 on each charge.—Graham Record.

Nodaway county was represented at the St. Joseph market today by W. V. Bishop, with a load of hogs, J. B. Horton also with hogs, Herndon Bros. and G. W. Lye each with a car load of mixed stock, H. F. Gilsken a load of cattle, and E. J. Lye with a load of hogs.—St. Joseph Stock Journal.

### DIED AT HOSPITAL.

**William Cummins Passed Away Thursday Night After Two Days' Illness.**

William Cummins, 71 years old, died Thursday night at St. Francis hospital, where he had made his home for twenty years. He went to the hospital on account of frail health and his death was due to a complication of diseases.

The funeral services will be held Saturday morning at 10 o'clock at St. Mary's Catholic church, by the pastor, Rev. Fr. Willibrord. Requiem high mass will be celebrated by Rev. Father Patrick Cummins of Conception, a nephew of the deceased, and the pall bearers will be six of his nephews.

Mr. Cummins was born in Callen, Ireland. He was never married. He is survived by two sisters, Mrs. James Tobin, 133 South Mulberry street, this city, and Sister Crescentia of St. Francis convent, Dubuque, Ia.; and a brother, Patrick Cummins of near Burlington Junction.

### THE REPORT FOR 1912.

**Nodaway County a Healthy Place to Live—There Were 664 Births and 275 Deaths.**

The report of the state board of health for 1912 shows that in Nodaway county the births exceeded the deaths by a total of 389, there being 664 births and only 275 deaths.

Woman suffrage didn't get the best of the argument in the matter, as the stork gave the cause only an even split in numbers, for out of the 664 birtha, 332 wer boys and 332 were girls. It is also interesting to note that out of the total number of births there was only one negro baby.

The parents of 639 of the children were native born. Five of the children had parents who were both foreign born, while one or the other of the parents of 18 of them were foreign born.

The greatest number of babes were given to mothers between the ages of 25 and 29 in this county, 182 children being born to them. The ages of 20 to 25 were next with 177 children, while those mothers between the ages of 30 to 35 were next, having 132 children born to them.

Sixty-eight of the children were born in August, 66 in December and 65 in September. February had the lowest number of births, 44.

There were 35 still births, 20 of whom were male and 15 female. All of these children were of Caucasian parents. The greatest number of deaths were caused by what is termed general diseases, which include nearly all fevers, and the contagious diseases, such as measles, smallpox, scarlet fever, whooping cough, etc. Cancer and chronic poisoning are also listed here. Sixty deaths were the result of these maladies. Diseases of the nervous system, such as paralysis, convulsions and afflictions of the eyes and ears, caused 21 deaths; of the circulatory system, 45, and of the respiratory system, 38 deaths. The maladies peculiar to the digestive system caused 33 deaths, and diseases of the genitor-urinary tract were responsible for 34 deaths. Diseases of the skin and the bones caused 2 and 1 deaths respectively.
deaths respectively.

Two people died of old age, and the deaths of 20 more were from external causes, such as suicides, accidents, murders and excessive heat or cold.

The statistics show that Nodaway county is a pretty good place to live after all, as the death rate here is among the lowest for any county in the state. A lot of people we know, though, say that even if the death rate were the highest in the state it would still be worth the money to live in old Nodaway.

**Dr. Martin Improving Rapidly.**

Dr. Vilas Martin continues to improve nicely and his physician considered him much better this morning, although he passed a restless night.

W. A. Miller and daughter went to Parnell Friday on a business trip.

## DECLINES TO RUN

**MAYOR ROBEY NOT A CANDIDATE FOR RE-ELECTION.**

## WRIGHT TO MAKE RACE

**Gus Romasser Talked of, But Has Not Announced as Yet—Other Candidates for City Offices.**

Mayor Arthur S. Robey will not be a candidate for re-election at the coming city election, so he anounced this morning to a representative of The Democrat-Forum. Mr. Robey's many friends have been urging him to become a candidate again, and it was thought that he would run. When seen Mayor Robey said:

"Yes, I have decided that I would not run again. I have held the office of mayor for two terms, and that is long enough for anyone. I am also strongly opposed to a third term, as a third termer, in my opinion, is just the same as saying that there is only one man capable of being the executive. I believe in rotation in office, and as there are a number of prominent citizens being mentioned for mayor who are capable of giving us a good clean business administration, I have decided not to enter the race."

With Mayor Robey out of the race U. S. Wright will be a candidate for mayor. The talk is that he will have opposition in Augustus Romasser, who was mayor of Maryville several years ago.

A mass meeting is to be held next Tuesday evening at the court house, when the non-partisan ticket will be chosen.

Candidates for the other city offices are now being talked of. John G. Grems, the present incumbent, will again be a candidate for city collector. E. C. Moberly will run for city marshal again and will have opposition in Frank Partridge.

For members of the city council, one to be selected from each ward, they will be selected at the mass meeting next Tuesday, when each ward will meet separately. In the first ward Dr. G. A. Nash and Edward J. Schumacher are being talked of. In the second ward there are Dr. Leslie Dean and C. F. Welborn. Charles McNeal will probably have no opposition in the third and in the fourth there will probably be Captain Tindall and Ben Hildreth.

**Their Luncheon a Big Success.**

The ladies of the Christian church of Bedison cleared over $42 Thursday from the luncheon they served at Charles Roach's sale. They could have cleared twice as much, but were not prepared for the demand made on them. They wish to express their thanks to Frank P. Reuillard of Maryville for helping them out.

**Death of a Baby.**

The year-old child of Mr. and Mrs. Thomas Jackson, colored, died Friday morning at their home in West Maryville. The funeral services will be held Saturday afternoon at 2 o'clock and burial will take place in Oak Hill cemetery.

Mrs. George Graham of Clyde returned home Friday from a visit with her sister, Mrs. John Graham.

## TO HOLD MEETING

**PEOPLE'S TELEPHONE UNION TO HAVE ONE SATURDAY.**

## TO ADOPT CONSTITUTION

**A Constitution With Changes From Old One Has Been Written—To Be Discussed.**

A meeting of the People's Telephone Union will be held at the court house on Saturday, when the question of adopting a constitution will be determined. A constitution with some changes from the old one has been written and sent out to the various members of the union so they could consider the matter and be ready to discuss it at the meeting tomorrow. It is expected that each line will have a representative at this meeting.

In addition to adopting a constitution, directors will be elected and probably other matters will come up. A statement of the receipts and expenditures of the company for the past year was published in the papers Thursday.

A meeting of the union was held on March 14, and when the adoption of a constitution came up it was decided best to defer the matter two weeks or until tomorrow.

One change as suggested is that the board of directors shall be elected by a convention of delegates selected by the various companies forming the union, each company having three or more telephones in service to have the right to send one delegate to the convention, and all the subscribers in each ward of the city of Maryville not belonging to some company represented by a delegate to have the right to choose one delegate to represent them. As the old constitution reads each ward of the city has a right to choose only one delegate, whereas there are several party lines having more than three telephones in each of these wards who already have a representative, and if the section is left standing as it now reads these company lines in the city would be deprived of their representatives.

Another change as proposed in the constitution is as follows. "Provided that the board of directors shall not contract or incur during any biennial period any indebtedness in behalf of or against the union in an amount exceeding $500 more than the amount on hand at the beginning of that period and including the income and revenue for that period."

It has also been suggested that the rates provided for in the constitution—that is, $1 a month for business phones and 70 cents for residence phones in Maryville and 65 cents for each telephone in the country—be changed and that the union furnish a man to do repair work on telephones in the country as well as those in town. At present the services of a repair man are furnished to telephone users in the city limits, but not to those in the country. If this plan is adopted and repair service is furnished to country subscribers and town subscribers alike, it would be the plan to make the rates the same for both town and country subscribers, so that everybody would pay the same rate per telephone.

### DEAN EVERHART IS DEAD.

**Fourteen-Year-Old Boy Passed Away Thursday Evening—Ill Four Days of Uremic Poisoning.**

Alfred Dean Everhart, the eldest son of Mr. and Mrs. William Everhart, died Thursday evening at 4.50 o'clock, after four days of extreme suffering from uremic poisoning, with which he was taken Monday evening. He was unconscious for two days before his death.

The funeral services will be held Saturday morning at 11 o'clock at the First Baptist church, and will be conducted by the pastor, Rev. Louis M. Hale.

Interment will take place in Miriam cemetery. The pall bearers selected are from the class of boys of which Dean was a member, taught by Mrs. Hale. They are Harry Jones, Kay Hempstead, Charles Schaub, Carl Yowell, Harry Allen and Daniel Sanders.

Dean Everhart was 14 years old the 19th day of December last. He was a fine, conscientious boy and a favorite with many people besides his boy friends. He had been a regular attendant at church and Sunday school since he was old enough to enter the primary class, and very early gave evidence of an understanding of spiritual things far beyond one of his years. During the recent revival at the Baptist church he professed conversion and was baptized.

A sister, Miss Hazel Everhart, and an 8-year-old brother, Dale, survive with the parents.

It will be perfectly safe for all those wishing to attend these services to do so, as the church building has been thoroughly fumigated.

## WAS LIFTED TODAY

**THE BAN TAKEN OFF AND PUBLIC PLACES OPENED.**

## IS NOW UNDER CONTROL.

**Churches On Sunday and Schools Will Resume Work Monday—Fifteen Cases and All Doing Well.**

The scarlet fever quarantine was lifted today after a ten-day period and all public places will be opened tonight. There were no new cases reported either Thursday or today, and the situation is under control. All of the cases have been mild ones and it is thought it will be only a short time until the quarantine is lifted on individual families.

All of the churches will have their regular Sunday services on Sunday. The schools will resume their work on Monday.

There are now fifteen cases in the city.

### ROMASSER IS A CANDIDATE.

**He Has Entered the Race For Mayor—Was Mayor of Maryville a Few Years Ago.**

Augustus Romasser has entered the race for mayor. He has decided to do so after many requests from his many friends.

Mr. Romasser was mayor of Maryville several years ago and served one term. He made a good official.

Both Mr. Romasser and his opponent, U. S. Wright, are good men, and either one of them would give the city a good clean administration.

### BOUND OVER TO APRIL TERM.

They sat for a group picture while here, the photograph including their bride-daughter, Hazel, and her husband, Martin Weltha of Eagleville, who are visiting them. Rev. and Mrs. DeWitt celebrated their twentieth wedding anniversary on their daughter's wedding day, five weeks ago, but there does not appear to be more than ten years' difference in the two wedding days. The children in the group taken Thursday are Mr. and Mrs. Weltha, Zela, Ralph, Neeta, Howard, Hope and Warren.

**In Probate Court.**

Ellis G. Cook was appointed curator of the estates of Atlanta and Forrest Walker, minors. Mr. Cook was also appointed curator of the estate of Lavina Drain, a minor.

**IF CHILD IS CROSS, FEVERISH AND SICK**

**Look Mother! If Tongue is Coated, Cleanse Little Bowels With "California Syrup of Figs."**

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sours, then your little one becomes cross, half sick, feverish, don't eat, sleep or act naturally, breath of bad, system full of cold, has sore throat, stomach ache or diarrhoea. Listen, mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup company." Refuse any other kind with contempt.—Advertisement.

**The River Ditch.**

The contractors on the river ditch struck rock at from five to eight feet. Engineer John Clary came over Tuesday and stopped the work and put some men to prospecting and found that the ledge of rock extended west for some one hundred feet or more.

A new ditch will probably be made west of the one started, running through the cut off which is something like 100 feet from the bluff on the east or 100 to 125 feet west of the one which they have been working on.—Skidmore New Era.

**Holding Court in St. Joseph.**

He was taken to his home in Elmo in the evening and rested but little all night.—Burlington Junction Post.

Now is the time to take special care of the complexion if you wish it to look well the rest of the year. The February and March winds have a strong tendency to bring out freckles that may stay all summer unless removed. Now is the time to use othine—double strength.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful that it is sold by druggists under guarantee to refund the money if it fails. Get an ounce of othine—double strength, and even a few applications should show a wonderful improvement, some of the smaller freckles even vanishing entirely.

Mrs. L. L. Bertrand, New Iberia, La., says: "My little one was weak and run down in health, and was continually taking cold. Different medicines failed to help, but when Vinol was recommended I found it a wonderful help to my child. It broke up the cold, and quickly restored health and strength. Vinol is a most excellent tonic for children."

**Homer Croy Their Guest.**

A party of friends of Maryville school days constituted an evening dinner party in San Francisco, Cal., the other day. Mr. and Mrs. John M. Lytle were the host and hostess at their home, Parkside, San Francisco. The dinner was in honor of Homer Croy, "of Maryville, Nodaway county, Missouri, and New York,' as he says of himself, who sailed the next day from San Francisco on his world tour for Leslie's. Seated around the table were Mr. Croy, Miss Hope Lytle, a senior at California's state university at Belkeley, Cal., and a former member of the Maryville State Normal faculty; Miss Eula McCurdy, a social favorite of Burlingame, Cal.; Verno Ringgold, city salesman for the Pierce-Arrow Automobile company of San Francisco, the son of Mr. and Mrs. J. M. Ringgold of Maryville, and Mr. and Mrs. Lytle, all but one having lived all or the greater part of their school days together in Maryville. Mrs. Lytle, who was Miss Clare Owen, a graduate and post-graduate of the Maryville Conservatory, favored the company with several piano numbers after they had talked of personal things since their school days, excepting Homer, "who spoke of himself not at all," and then memories of the other boys and girls of Maryville, where are they and what are they doing? was the topic for, yes, hours. The Lytle cottage had been converted into a vertiable bower of calla lilies, daffodils and ferns, gathered from the nearby forest, and it was a reunion long to be remembered. The host and his sister, Miss Hope Lytle, are the son and daughter of Rev. and Mrs. E. B. Lytle of Burlingame, Cal., formerly of Maryville.

**Makes Health**

THIS simple rule of health is daily called attention to by every doctor in the land, whose first question to the patient almost invariably is, "Are your bowels regular?" Yet there's not one person in fifty who takes proper care of the bowels. And the result of this foolish neglect is nine-tenths of all ill-health.

If today you are unable to free your body of waste matter at the usual time, or if the act causes straining, pains and discomfort, *don't let that condition occur again tomorrow.* Unless your bowels can carry away the waste materials left after food is digested, decay sets in, the poisons of which, taken up by the blood, increase the risk of Typhoid Fever, Appendicitis, and many other serious diseases.

In treating constipation, there is a *right way* and a *wrong way.* The *wrong way* is to take harsh purgatives which even though they do clear the bowels, cause griping and nausea, injure the delicate tissues, and so disturb the normal functions as to cause the return of constipation. The *right way* is to help Nature to produce natural movement, without pain or discomfort, by using

**Rexall Orderlies**

**More Than One Hundred Million Were Sold Last Year**

This enormous quantity was used with good results by busy men who suffered from constipation, due to lack of exercise, or indigestion caused by overwork—by children whose parents realize the harmful effect of common purgatives—by old people whose systems cannot stand anything harsh—by women during pregnancy, and after childbirth, when any medicine with a violent action would be particularly dangerous. Many of these people are your neighbors and friends. Ask anyone who has ever used them—they'll tell you Rexall Orderlies satisfied and helped them.

—a gentle laxative in the form of a chocolate-tasting tablet. One of these tablets eaten just before going to bed will help to restore your bowels to normal activity *at a time when, your body being at rest, the medicine can do its best work.* As a result of taking that tablet (or say two, if your case is obstinate), *your bowels will move easily and naturally in the morning.* The use of Rexall Orderlies for a few days afterward will restore normal regularity. Even chronic constipation is benefited by them, and *it is not necessary to continue the treatment for a long time, because, instead of driving Nature, they simply help her to help herself.*

Sold only at the more than 7,000 Rexall Stores and in this town only by us. In vest pocket tin boxes, 10c, 25c, 50c

**This Is Our Guarantee—You Risk No Money**

If Rexall Orderlies do not make your bowels act right, tell us so and we'll give back your money without asking a single question. There is no red tape to this guarantee. It means just what it says. You sign nothing. We won't hesitate, or ask you any questions. Your word is enough. If Rexall Orderlies do not do all you expect them to—if you don't feel better after using them and find that they are the pleasantest-acting and best laxative you have ever used, we want you to tell us and get your money back.

### Writes About Judge Ellison.

The St. Joseph Gazette had the following in today's issue:

The super-dignified bearing of Judge W. C. Ellison of the Fourth judicial circuit, who has been hearing cases in the Buchanan county criminal court the past two days, makes it difficult to believe that the warmest friends of his honor in his home town are the community's prize prank players. Yet such is the case. It has never been decided by the general populace whether the funmakers of Maryville glue themselves to the judge's side in order to profit by the reflection respectability thus shed upon them, or the man of the bench, at times wearied by the soberness of the law, finds in the jokesmiths of his home town an opportunity for temporary relaxation. Not exactly relaxation, either, for the judge is far more inclined to merely look on at his friends' antics than to participate in the tricks they are forever playing upon one another.

When the late W. T. Garrett passed away, Judge Ellison lost one of his best loved friends and associates, and a man who was always trying to banish the courtly calm from the jurist's countenance. It is not certainly known that Garrett ever succeeded in his undertaking, for the judge usually gave the most sidesplitting jokes pulled off in his presence, but passing notice. If they appealed to his risibilities, he thought it best not to tickle his friend's pride by letting it be known. Perhaps the man of the law found it good practice to not smile at the jokes, thereby making it easier for him to look serious when court hearings should develop a humorous phase.

But Judge Ellison sometimes struck back.

One day Garrett was summoned for jury service. He hated to serve, so wandered up to the court room to ask the judge to let him off. The judge knew what was wanted, and found it convenient to not have time to see his caller. So Garrett sat disconsolately in the rear of the room, trying to remain near enough to get the judge's ear while keeping sufficiently far away to be out of sight of the sheriff. Finally the summoned jurors' names were called. When he heard his own, Garrett groaned, got unwillingly to his feet and started down the aisle toward the jury box.

"Hurry up, please, Mr. Garrett!" commanded the court. "This court cannot wait all day, even on old men!"

As the sheriff stilled the laughter which broke forth the court took a hand in the examination of the panel long enough to glean from the unhappy Garrett his name, age, occupation, and a faltering declaration that he had never been convicted of crime.

## Facts About Western Canada

The farmer of today is recognized as a business man and puts himself on the pay roll at a salary beyond the dreams of the average man in the city, and he pays dividends on his investment.

Nowhere is he in a better position to realize the full profit of this condition than in Western Canada, with the rich productive soil at small cost and splendid markets; realizing from 40 to 100 per cent on his investment and obtaining the independence that cannot belong to any other business man.

The 433,000,000 bushel grain crop of Saskatchewan and Alberta yielded $235,000,000 to the farmers last year. This represents the partial yield of less than 15 per cent of the available land under cultivation. Millions upon millions of acres of the finest arable land in the world awaits the plough—YOUR PLOUGH.

**The annual increase in the world's population establishes an ever-growing market, and nowhere can you find more ideal conditions for grain raising than Western Canada affords. Grain growing, however, is but one item in the success of the Canadian farmer.**

## PEOPLE'S TICKET

SUCH IS THE NAME OF A TICKET BEING DRAFTED.

## U.S. WRIGHT FOR MAYOR

Many Church People and Business Men Are Favoring the Ticket—Selecman for City Collector.

The Ticket.

U. S. Wright for mayor.

E. C. Moberly for city marshal.

Sam G. Selecman for city collector.

Frank L. Garrett, alderman from the second ward.

Charles McNeal, alderman from the third ward.

W. A. Tindall, alderman from the fourth ward.

The above are the candidates that will run on the People's ticket at the coming city election. It was stated on good authority today that this ticket is already in the field and will run regardless of any action that might be taken at the non-partisan mass meeting that was called by the city council to be held next Tuesday evening.

Rumors have it that there will be opposition to the ticket, but they could not be confirmed today.

Petitions were being circulated today for the People's ticket, and it is said that many declared themselves in favor of this ticket. Many who are back of the ticket are church people and business men, and they are of the opinion that they will win by a big vote.

No one has been selected as alderman from the first ward on this ticket, but it will be filled in a day or two.

### BELLOWS BROS.' ANNUAL SALE.

Shorthorn Breeders of This City Will Have Sale on April 15 at Parkdale.

Wednesday, April 15, is the date announced by Bellows Bros. of this city for their annual public sale of registered Shorthorns to be held by them at their farm adjoining Maryville. There are forty-eight selected Shorthorns listed for this auction, that have been chosen from the herd for this purpose. Sixteen bulls and thirty-two females are included. The quality of the offering is as good or better than any which has been presented by this well known and popular firm in any of their annual sales. That is a strong statement for the reason that Bellows Bros., have been for years pace makers in the Shorthorn sale business in this section of the country.

There are few herds in existence at the present time that can lay claim to greater reputations of herd bulls than can this firm. They have at the head of their herd three international prize winners. These are Diamond Goods Sultan Supreme and Radium. These three bulls represent a combination of the blood of the grand champions, Choice Goods and White Hall Sultan in its rarest form. Diamond Goods is a bull whose reputation has already reached far and wide.

**School Opens Monday.**

The Parnell public schools will open next Monday, March 30, after being closed since the 13th day of February. This will make six weeks since there has been any school. The school year will not close until the first week in June, which makes it rather late. The school house will be fumigated either Friday or Saturday, so there will be no possible danger of anyone contracting the smallpox, or whatever disease the town has been having. This will certainly be glad news to the children, teachers and others. Let every scholar who is able be on hand Monday morning at the regular hour with their books and try and make up for some of this lost time—Parnell Sentinel.

**Arrested for Killing Deer.**

A wild deer was killed in the woods near Fairfax, January 15, and Deputy Game Warden C. R. Cortney, a few days ago arrested Wayne Reynolds, son of the sheriff of Atchison county, and Mervin Mann, a young man of that county. Two charges were preferred against them, one for killing deer, which are protected by law, and the other for hunting without license. The young men pleaded guilty to both charges and were fined $25 on each charge.—Graham Record.

Nodaway county was represented at the St. Joseph market today by W. V. Bishop, with a load of hogs, J. B. Horton also with hogs, Herndon Bros. and G. W. Lye each with a car load of mixed stock, H. F. Gilsken a load of cattle, and E. J. Lye with a load of hogs.—St. Joseph Stock Journal.

### DIED AT HOSPITAL.

William Cummins Passed Away Thursday Night After Two Days' Illness.

William Cummins, 71 years old, died Thursday night at St. Francis hospital, where he had made his home for twenty years. He went to the hospital on account of frail health and his death was due to a complication of diseases.

The funeral services will be held Saturday morning at 10 o'clock at St. Mary's Catholic church, by the pastor, Rev. Fr. Willibrord. Requiem high mass will be celebrated by Rev. Father Patrick Cummins of Conception, a nephew of the deceased, and the pall bearers will be six of his nephews.

Mr. Cummins was born in Callen, Ireland. He was never married. He is survived by two sisters, Mrs. James Tobin, 133 South Mulberry street, this city, and Sister Crescentia of St. Francis convent, Dubuque, Ia.; and a brother, Patrick Cummins of near Burlington Junction.

### THE REPORT FOR 1912.

Nodaway County a Healthy Place to Live—There Were 664 Births and 275 Deaths.

The report of the state board of health for 1912 shows that in Nodaway county the births exceeded the deaths by a total of 389, there being 664 births and only 275 deaths.

Woman suffrage didn't get the best of the argument in the matter, as the stork gave the cause only an even split in numbers, for out of the 664 births, 332 wer boys and 332 were girls. It is also interesting to note that out of the total number of births there was only one negro baby.

The parents of 639 of the children were native born. Five of the children had parents who were both foreign born, while one or the other of the parents of 18 of them were foreign born.

The greatest number of babes were given to mothers between the ages of 25 and 29 in this county, 182 children being born to them. The ages of 20 to 25 were next with 177 children, while those mothers between the ages of 30 to 35 were next, having 132 children born to them.

Sixty-eight of the children were born in August, 66 in December and 65 in September. February had the lowest number of births, 44.

There were 35 still births, 20 of whom were male and 15 female. All of these children were of Caucasian parents. The greatest number of deaths were caused by what is termed general diseases, which include nearly all fevers, and the contagious diseases, such as measles, smallpox, scarlet fever, whooping cough, etc. Cancer and chronic poisoning are also listed here. Sixty deaths were the result of these maladies. Diseases of the nervous system, such as paralysis, convulsions and afflictions of the eyes and ears, caused 21 deaths; of the circulatory system, 45, and of the respiratory system, 38 deaths. The maladies peculiar to the digestive system caused 33 deaths, and diseases of the genitor-urinary tract were responsible for 34 deaths. Diseases of the skin and the bones caused 2 and 1 deaths respectively.
deaths respectively.

Two people died of old age, and the deaths of 20 more were from external causes, such as suicides, accidents, murders and excessive heat or cold.

The statistics show that Nodaway county is a pretty good place to live after all, as the death rate here is among the lowest for any county in the state. A lot of people we know, though, say that even if the death rate were the highest in the state it would still be worth the money to live in old Nodaway.

## DECLINES TO RUN

MAYOR ROBEY NOT A CANDIDATE FOR RE-ELECTION.

## WRIGHT TO MAKE RACE

Gus Romasser Talked of, But Has Not Announced as Yet—Other Candidates for City Offices.

Mayor Arthur S. Robey will not be a candidate for re-election at the coming city election, so he anounced this morning to a representative of The Democrat-Forum. Mr. Robey's many friends have been urging him to become a candidate again, and it was thought that he would run. When seen Mayor Robey said:

"Yes, I have decided that I would not run again. I have held the office of mayor for two terms, and that is long enough for anyone. I am also strongly opposed to a third term, as a third termer, in my opinion, is just the same as saying that there is only one man capable of being the executive. I believe in rotation in office, and as there are a number of prominent citizens being mentioned for mayor who are capable of giving us a good clean business administration, I have decided not to enter the race."

With Mayor Robey out of the race U. S. Wright will be a candidate for mayor. The talk is that he will have opposition in Augustus Romasser, who was mayor of Maryville several years ago.

A mass meeting is to be held next Tuesday evening at the court house, when the non-partisan ticket will be chosen.

Candidates for the other city offices are now being talked of. John G. Grems, the present incumbent, will again be a candidate for city collector. E. C. Moberly will run for city marshal again and will have opposition in Frank Partridge.

For members of the city council, one to be selected from each ward, they will be selected at the mass meeting next Tuesday, when each ward will meet separately. In the first ward Dr. G. A. Nash and Edward J. Schumacher are being talked of. In the second ward there are Dr. Leslie Dean and C. F. Welborn. Charles McNeal will probably have no opposition in the third and in the fourth there will probably be Captain Tindall and Ben Hildreth.

**Their Luncheon a Big Success.**

The ladies of the Christian church of Bedison cleared over $42 Thursday from the luncheon they served at Charles Roach's sale. They could have cleared twice as much, but were not prepared for the demand made on them. They wish to express their thanks to Frank P. Reuillard of Maryville for helping them out.

**Death of a Baby.**

The year-old child of Mr. and Mrs. Thomas Jackson, colored, died Friday morning at their home in West Maryville. The funeral services will be held Saturday afternoon at 2 o'clock and burial will take place in Oak Hill cemetery.

Mrs. George Graham of Clyde returned home Friday from a visit with her sister, Mrs. John Graham.

## TO HOLD MEETING

PEOPLE'S TELEPHONE UNION TO HAVE ONE SATURDAY.

## TO ADOPT CONSTITUTION

A Constitution With Changes From Old One Has Been Written—To Be Discussed.

A meeting of the People's Telephone Union will be held at the court house on Saturday, when the question of adopting a constitution will be determined. A constitution with some changes from the old one has been written and sent out to the various members of the union so they could consider the matter and be ready to discuss it at the meeting tomorrow. It is expected that each line will have a representative at this meeting.

In addition to adopting a constitution, directors will be elected and probably other matters will come up. A statement of the receipts and expenditures of the company for the past year was published in the papers Thursday.

A meeting of the union was held on March 14, and when the adoption of a constitution came up it was decided best to defer the matter two weeks or until tomorrow.

One change as suggested is that the board of directors shall be elected by a convention of delegates selected by the various companies forming the union, each company having three or more telephones in service to have the right to send one delegate to the convention, and all the subscribers in each ward of the city of Maryville not belonging to some company represented by a delegate to have the right to choose one delegate to represent them. As the old constitution reads each ward of the city has a right to choose only one delegate, whereas there are several party lines having more than three telephones in each of these wards who already have a representative, and if the section is left standing as it now reads these company lines in the city would be deprived of their representatives.

Another change as proposed in the constitution is as follows. "Provided that the board of directors shall not contract or incur during any biennial period any indebtedness in behalf of or against the union in an amount exceeding $500 more than the amount on hand at the beginning of that period and including the income and revenue for that period."

It has also been suggested that the rates provided for in the constitution—that is, $1 a month for business phones and 70 cents for residence phones in Maryville and 65 cents for each telephone in the country—be changed and that the union furnish a man to do repair work on telephones in the country as well as those in town. At present the services of a repair man are furnished to telephone users in the city limits, but not to those in the country. If this plan is adopted and repair service is furnished to country subscribers and town subscribers alike, it would be the plan to make the rates the same for both town and country subscribers, so that everybody would pay the same rate per telephone.

### DEAN EVERHART IS DEAD.

Fourteen-Year-Old Boy Passed Away Thursday Evening—Ill Four Days of Uremic Poisoning.

Alfred Dean Everhart, the eldest son of Mr. and Mrs. William Everhart, died Thursday evening at 4.50 o'clock, after four days of extreme suffering from uremic poisoning, with which he was taken Monday evening. He was unconscious for two days before his death.

The funeral services will be held Saturday morning at 11 o'clock at the First Baptist church, and will be conducted by the pastor, Rev. Louis M. Hale.

Interment will take place in Miriam cemetery. The pall bearers selected are from the class of boys of which Dean was a member, taught by Mrs. Hale. They are Harry Jones, Kay Hempstead, Charles Schaub, Carl Yowell, Harry Allen and Daniel Sanders.

Dean Everhart was 14 years old the 19th day of December last. He was a fine, conscientious boy and a favorite with many people besides his boy friends. He had been a regular attendant at church and Sunday school since he was old enough to enter the primary class, and very early gave evidence of an understanding of spiritual things far beyond one of his years. During the recent revival at the Baptist church he professed conversion and was baptized.

A sister, Miss Hazel Everhart, and an 8-year-old brother, Dale, survive with the parents.

It will be perfectly safe for all those wishing to attend these services to do so, as the church building has been thoroughly fumigated.

**IF CHILD IS CROSS, FEVERISH AND SICK**

**Look Mother! If Tongue is Coated, Cleanse Little Bowels With "California Syrup of Figs."**

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sours, then your little one becomes cross, half sick, feverish, don't eat, sleep or act naturally, breath of bad, system full of cold, has sore throat, stomach ache or diarrhoea. Listen, mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup company." Refuse any other kind with contempt.—Advertisement.

**The River Ditch.**

The contractors on the river ditch struck rock at from five to eight feet. Engineer John Clary came over Tuesday and stopped the work and put some men to prospecting and found that the ledge of rock extended west for some one hundred feet or more.

A new ditch will probably be made west of the one started, running through the cut off which is something like 100 feet from the bluff on the east or 100 to 125 feet west of the one which they have been working on.—Skidmore New Era.

He was taken to his home in Elmo in the evening and rested but little all night.—Burlington Junction Post.

**Need Attention in February and March or Face Will Stay Covered.**

Now is the time to take special care of the complexion if you wish it to look well the rest of the year. The February and March winds have a strong tendency to bring out freckles that may stay all summer unless removed. Now is the time to use othine—double strength.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful that it is sold by druggists under guarantee to refund the money if it fails. Get an ounce of othine—double strength, and even a few applications should show a wonderful improvement, some of the smaller freckles even vanishing entirely.

**Made Strong and Healthy by Vinol.**

Growing children play hard and work hard at school, which, with rapid growth, uses up an enormous amount of energy and vitality that must be replaced.

When a child is tired all the time, no appetite, weak, delicate and sickly we guarantee Vinol, our delicious cod liver and iron tonic, will build them up, create a hearty appetite, sound flesh and muscle tissue, pure, healthy blood, and make them strong.

Mrs. L. L. Bertrand, New Iberia, La., says: "My little one was weak and run down in health, and was continually taking cold. Different medicines failed to help, but when Vinol was recommended I found it a wonderful help to my child. It broke up the cold, and quickly restored health and strength. Vinol is a most excellent tonic for children."

If Vinol fails to do just what we say, we will give back your money. Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

**Homer Croy Their Guest.**

A party of friends of Maryville school days constituted an evening dinner party in San Francisco, Cal., the other day. Mr. and Mrs. John M. Lytle were the host and hostess at their home, Parkside, San Francisco. The dinner was in honor of Homer Croy, "of Maryville, Nodaway county, Missouri, and New York,' 'as he says of himself, who sailed the next day from San Francisco on his world tour for Leslie's. Seated around the table were Mr. Croy, Miss Hope Lytle, a senior at California's state university at Belkeley, Cal., and a former member of the Maryville State Normal faculty; Miss Eula McCurdy, a social favorite of Burlingame, Cal.; Verno Ringgold, city salesman for the Pierce-Arrow Automobile company of San Francisco, the son of Mr. and Mrs. J. M. Ringgold of Maryville, and Mr. and Mrs. Lytle, all but one having lived all or the greater part of their school days together in Maryville. Mrs. Lytle, who was Miss Clare Owen, a graduate and post-graduate of the Maryville Conservatory, favored the company with several piano numbers after they had talked of personal things since their school days, excepting Homer, "who spoke of himself not at all," and then memories of the other boys and girls of Maryville, where are they and what are they doing? was the topic for, yes, hours. The Lytle cottage had been converted into a vertiable bower of calla lilies, daffodils and ferns, gathered from the nearby forest, and it was a reunion long to be remembered. The host and his sister, Miss Hope Lytle, are the son and daughter of Rev. and Mrs. E. B. Lytle of Burlingame, Cal., formerly of Maryville.

# Makes Healthy Bowels

THIS simple rule of health is daily called attention to by every doctor in the land, whose first question to the patient almost invariably is, "Are your bowels regular?" Yet there's not one person in fifty who takes proper care of the bowels. And the result of this foolish neglect is nine-tenths of all ill-health.

If today you are unable to free your body of waste matter at the usual time, or if the act causes straining, pains and discomfort, *don't let that condition occur again tomorrow.* Unless your bowels can carry away the waste materials left after food is digested, decay sets in, the poisons of which, taken up by the blood, increase the risk of Typhoid Fever, Appendicitis, and many other serious diseases.

In treating constipation, there is a *right way* and a *wrong way.* The *wrong way* is to take harsh purgatives which even though they do clear the bowels, cause griping and nausea, injure the delicate tissues, and so disturb the normal functions as to cause the return of constipation. The *right way* is to help Nature to produce natural movement, without pain or discomfort, by using

## Rexall Orderlies

**More Than One Hundred Million Were Sold Last Year**

This enormous quantity was used with good results by busy men who suffered from constipation, due to lack of exercise, or indigestion caused by overwork—by children whose parents realize the harmful effect of common purgatives—by old people whose systems cannot stand anything harsh—by women during pregnancy, and after childbirth, when any medicine with a violent action would be particularly dangerous. Many of these people are your neighbors and friends. Ask anyone who has ever used them—they'll tell you Rexall Orderlies satisfied and helped them.

—a gentle laxative in the form of a chocolate-tasting tablet. One of these tablets eaten just before going to bed will help to restore your bowels to normal activity *at a time when, your body being at rest, the medicine can do its best work.* As a result of taking that tablet (or say two, if your case is obstinate), *your bowels will move easily and naturally in the morning.* The use of Rexall Orderlies for a few days afterward will restore normal regularity. Even chronic constipation is benefited by them, and *it is not necessary to continue the treatment for a long time, because, instead of driving Nature, they simply help her to help herself.*

Sold only at the more than 7,000 Rexall Stores and in this town only by us. In vest pocket tin boxes, 10c, 25c, 50c

**This Is Our Guarantee—You Risk No Money**

If Rexall Orderlies do not make your bowels act right, tell us so and we'll give back your money without asking a single question. There is no red tape to this guarantee. It means just what it says. You sign nothing. We won't hesitate, or ask you any questions. Your word is enough. If Rexall Orderlies do not do all you expect them to—if you don't feel better after using them and find that they are the pleasantest-acting and best laxative you have ever used, we want you to tell us and get your money back.

**Writes About Judge Ellison.**

The St. Joseph Gazette had the following in today's issue:

The super-dignified bearing of Judge W. C. Ellison of the Fourth judicial circuit, who has been hearing cases in the Buchanan county criminal court the past two days, makes it difficult to believe that the warmest friends of his honor in his home town are the community's prize prank players. Yet such is the case. It has never been decided by the general populace whether the funmakers of Maryville glue themselves to the judge's side in order to profit by the reflection respectability thus shed upon them, or the man of the bench, at times wearied by the soberness of the law, finds in the jokesmiths of his home town an opportunity for temporary relaxation. Not exactly relaxation, either, for the judge is far more inclined to merely look on at his friends' antics than to participate in the tricks they are forever playing upon one another.

When the late W. T. Garrett passed away, Judge Ellison lost one of his best loved friends and associates, and a man who was always trying to banish the courtly calm from the jurist's countenance. It is not certainly known that Garrett ever succeeded in his undertaking, for the judge usually gave the most sidesplitting jokes pulled off in his presence, but passing notice. If they appealed to his risibilities, he thought it best not to tickle his friend's pride by letting it be known. Perhaps the man of the law found it good practice to not smile at the jokes, thereby making it easier for him to look serious when court hearings should develop a humorous phase.

But Judge Ellison sometimes struck back.

One day Garrett was summoned for jury service. He hated to serve, so wandered up to the court room to ask the judge to let him off. The judge knew what was wanted, and found it convenient to not have time to see his caller. So Garrett sat disconsolately in the rear of the room, trying to remain near enough to get the judge's ear while keeping sufficiently far away to be out of sight of the sheriff. Finally the summoned jurors' names were called. When he heard his own, Garrett groaned, got unwillingly to his feet and started down the aisle toward the jury box.

"Hurry up, please, Mr. Garrett!" commanded the court. "This court cannot wait all day, even on old men!"

As the sheriff stilled the laughter which broke forth the court took a hand in the examination of the panel long enough to glean from the unhappy Garrett his name, age, occupation, and a faltering declaration that he had never been convicted of crime.

## Facts About Western Canada

The farmer of today is recognized as a business man and puts himself on the pay roll at a salary beyond the dreams of the average man in the city, and he pays dividends on his investment.

Nowhere is he in a better position to realize the full profit of this condition than in Western Canada, with the rich productive soil at small cost and splendid markets; realizing from 40 to 100 per cent on his investment and obtaining the independence that cannot belong to any other business man.

The 433,000,000 bushel grain crop of Saskatchewan and Alberta yielded $235,000,000 to the farmers last year. This represents the partial yield of less than 15 per cent of the available land under cultivation. Millions upon millions of acres of the finest arable land in the world awaits the plough—YOUR PLOUGH.

**The annual increase in the world's population establishes an ever-growing market, and nowhere can you find more ideal conditions for grain raising than Western Canada affords. Grain growing, however, is but one item in the success of the Canadian farmer.**
